

By car KAG Design is best approached from the Black Dam Roundabout (A30/Ringway East). From the M3, leave at junction 6. At the first roundabout (Black Dam) take the first exit left on to Ringway South. Almost immediately, take the slip road off under the bridge and follow the signs for Eastrop, turning left onto the bridge to come back over the Ringway, then turn right to pass the **Hilton Hotel** on your left.

Turn left at the next roundabout into London Road (narrowed) and proceed until the road widens again, turning right into Eastrop Lane. Take the first left into Goat Lane but do not turn left again into Chequers Road. KAG car park is to be found near the end of Goat Lane on the left. Please park at the top end of the car park, nearest the house.

From the train station take the walkway into the main shopping area. Pass straight through the covered walkways of Festival Place (FP) to the exit at the lower end of Wote Street. Turn left to keep the Halifax Building Society to your right and cross the paved area keeping the end wall of FP (Debenhams) to your left and the Wote Street Club to your right. Walk up the ramp or steps to join New Road.

From the bus station take the walkway to Festival Square – look for the Ster Cinemas sign – keep the restaurants under the large white awning to your left and the FP entrance to your right and climb the steps 80 yards ahead to join New Road.

From New Road you will see Chequers Road almost opposite. There is a crossing 50 yards to your right.
